

BMAC is exhibiting at InnoTrans 2016

**BMAC, incorporating Translec, is exhibiting at Innotrans 2016
from the 20th – 23rd September**

Find us on stand 206P in [Hall 2.2](#)

InnoTrans is the leading international trade fair for transport technology and takes place every two years in Berlin. Sub-divided into five segments; Railway Technology, Railway Infrastructure, Public Transport, Interiors and Tunnel Construction, InnoTrans occupies all 40 halls available at Berlin Exhibition Grounds. Click on the following link to find out more about the show - <http://www.innotrans.de/en/>

We will be showcasing our innovative range of LED Headlights and other key products from our portfolio that are specifically designed for the rail industry, including our new **EN LED Multifunctional Headlight Solution**.

****Our high and low LED 90mm headlights now also have full compliance to European Rail EMC**

Standard EN 50121-3-2.** Click [here](#) to see our products.

We are leading UK based manufacturer of advanced exterior lighting and associated electrical equipment for rail vehicles worldwide. We are established in the design and manufacture of compliant vehicle lighting equipment, specialising in supplying LED and HID solutions to the global market, and have over 80 years' experience working in the rail transport industry.

To arrange an appointment to see us on our stand, please email enquiries@bmac.ltd.uk.

We look forward to seeing you there!
